EXPERIENCE

Panzura @ Bay Area, CA

UX Designer | Jul. 2019 - Present

- Worked on Panzura SaaS Product Vizion.ai for search and analytics of multi-cloud enterprise data.
- Revamped User Flows and Interactions of file search, audit search, snapshots recovery and alert notification features.
- Designed Marketplace with simplified deployment workflow and improved billing workflow to enable multiple payment methods.
- Shipped products on sprint cycles with product manager and engineers.

U.S.Bank (Elavon Inc) @ Atlanta, GA

UX Design Intern | May 2018 - Aug. 2018

- Led the redesign of the developer portal website to improve Elavon payment API integration experience.
- Created user personas, journey maps, Information architecture, wireframes, and prototypes for the website.
- Conducted remote usability studies to test different split bill features for new POS design.

Lexiangqiji Co.Ltd @ Beijing, China

Lead UX Designer | Dec. 2016 - May 2017

- Led the design team to create an integrated online reservation system for small business owners, from pilot research to final product launch.
- Designed an iterated version workflow of the system to manage reservations more efficiently and clearly.
- Successfully attracted 14,000 registered end users and 50 paid merchants. Increased monthly page views to 600,000 after iteration of the design.

Georgia Institute of Technology @ Atlanta, GA

User Experience Intern | Jul. 2016 - Sep. 2016

- Designed and implemented a wearable system to transmit text information on body area networks by using modulated acoustic signals.
- Conducted user experiments to test transmission result and identified usability issues.
